2.6.2 Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The level of attainment of Program Outcomes, Program Specific Outcomes and Course Outcomes are measured using various indicators throughout the semester of the academic year. The faculty records the performance of each student with the help of the specified course outcomes through a continuous evaluation process. The faculty provides home assignments to students, conducts internal tests, viva voce, surprise tests, open book tests, quiz, projects etc. in order to assess the Programme Outcomes and Programme Specific outcomes attained by each student from time to time. Periodical tests and end tests as well as the University exam at the end of the semester and the performance of the students in the various exams prove these outcomes. These outcomes are also measured from their performance in the competitive exams and their performances in competitive examinations.

Some of the key indicators of measuring attainment are:

1. End Semester University Examination: Being a constituent college of Gondwana University, the students of S. B College are required to take examinations as per the semester and annual pattern set by the university, through which the institution measures programme outcomes based on the course attainment level fixed by the programme.

2. Internal Assessment: The Internal Assessment constitutes 25% weightage of the total marks (100) in each subject. The students are given assignments which are designed in alignment with Programme Outcomes of the respective subject. Additionally, internal/class tests, quiz, viva etc. are conducted repeatedly in a semester to judge the performance of students on a regular basis.

3. Practical Assessment/ External Assessment: It is evaluated by inviting external experts appointed by the university to evaluate each student by conducting Practical examinations, and taking Viva-Voce and evaluating the practical files.

4. Result Analysis: At the end of each semester, result analysis of each course is carried out using bar charts indicating the percentage of students falling in different categories of CGPA obtained. This is an effective indicator in order to evaluate the level of attainment of POs, PSOs and COs as specified by the university.

5. Internships and Placements: Students are encouraged to take up internships, projects, fieldwork, etc. The Placement Cell of the college helps and polishes the students according to industry standards and provides ample opportunities for students to get placed in esteemed companies or e self-employed. This helps them to obtain necessary skills and practical experience in their chosen discipline.

2.6.2. Supporting Documents

1. Placement Cell/ Career Guidance Cell career cutta

- Placement of outgoing students
- Students progressing to higher education
- Students qualifying in state/national/ international level examinations

2. Students are encouraged to undertake project work/field work/internship.
