Analysis of the Survey-2023-24

The survey link was sent on student's WhatsApp group and were asked to respond to the survey quiz. We have mixed responses from them. In all we have received 60 responses. The figure is 20% of total students enrolled in undergraduate classes. The responses have been analyzed question wise.

- About 75% respondents have given very positive answers and found every aspect of the teaching learning and assimilation of duties by teachers effective,
- the syllabus was completed in due time,
- all aspects regarding their growth and development were discussed with them and
- due attention was paid to their personal growth.
- Their performance in assignments was fairly discussed with them
- The institute takes active interest in promoting internship, student exchange, and field visit opportunities for students to the extent of availability.
- The teaching and mentoring process in the institution facilitates them in cognitive, social and emotional growth.
- The institution provides multiple opportunities to learn and grow Significantly
- Teachers inform them about their expected competencies, course outcomes and programme outcomes.
- The mentor does a necessary follow-up with an assigned task to them usually.
- The teachers illustrate the concepts through examples and applications Usually
- The teachers identify your strengths and encourage you with providing right level of challenges reasonably
- Teachers are able to identify their weaknesses and help them to overcome them
- The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.
- The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences as per time and situations.
- Teachers encourage them to participate in extracurricular activities.
- Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work moderately.
- Some teachers make use of the ICT as per requirement whenever they need to use blended learning methodology.
- The overall quality of teaching-learning process in their institute is very good.

Some students have given some suggestions about improving teaching learning finding the shortcomings.

To sum up, the responses are positive and prove that the most of the students are satisfied with the college, TL process, facilities, and students mentoring system.
